

Sign up new members and receive free admissions to the AIA lecture

We're delighted you're enjoying our Albuquerque International Association presentations. We hope you'll help spread the word so more members of our community can have the same rewarding experiences from AIA speakers, luncheon discussion, dinners, and book discussion club.

And we'd like to do our part to reward you for every new member you sign up with the Albuquerque International Association. For each new member you bring us, we'll give you a certificate valid for free admission to the lecture of your choice. You'll be doubly rewarded with our ever-growing series of presentations, and we'll be thrilled to serve our ever-growing membership!

Please pick up a flyer with complete details at the next Albuquerque International Association presentation, or visit our Internet Web Page at www.abqinternational.org.
